Sewage Farms in the Bangalore City

From

The Chief Engineer of Mysore

No 135 Dated 8 8 09 Received 11-8-09

Diary No 1047 | Enclos 2 | Spare Copies | Serial No 1

BRIEF ABSTRACT OF LETTER

Submits for sanction an estimate amounting to Rs 1200 for maintaining the Sewage Farms of the Bangalore City at Chamrajendrapet & Malleswaram Extension during 1909-10 and requests that orders may be passed as to whether the farms which are said to be now self-supporting, may be handed over to the Municipality or whether they should continue to be in charge of the Sanitary Department

NOTES AND ORDERS

S Under Go No 8888-90/Mul 184-07 dy 7-3-08 these farms are being maintained by the Bangalore City Municipality from the last year viz 1908-09 The Chief Engineer now submits an estimate amounting to Rs 1200/- for working these farms during the ensuing

financial year

The estimate is in excess by the amount of pay sanctioned during the last official by Rs 260 The excess provision is required to cover (1) the charge allowance at Rs 15/- per month proposed to be given to the Overseer in charge of the farms and (2) the pay of an extra coolie at Rs 11/- per month required for forming the beds.

The charge allowance proposed in favor of the Overseer in charge was disallowed last year on the ground that as the working of the farms had been entrusted by the G.O. of 7-3-08 to the Sanitary Engineering Department, their supervision by an employee of that Department could not be considered as work "outside his own branch of duty" to give rise to a claim for additional remuneration. It was also stated in the same order G.O. that if the Ch. Engr. considered it desirable to give the Overseer in charge an allowance to induce him to make the farms self-supporting, the recommendation might be renewed after one year and because the farms actually proved a success. In accordance with this the Chief Engineer submitted in June last, a proposal to grant a charge allowance of Rs 15/- per month to the Overseer. This ref. is being dealt with separately, and as awaiting the receipt of

of certain information called for from the Chief Engineer. The papers connected with this subject are herewith put up. The grant of the allowance to the Overseer may therefore await the disposal of this question.

The provision made on account of the pay of an additional ~~clerk~~ cooly on Rs 7/- per month proposed to be employed for "forming the Lands", may be sanctioned as it is said that work is increasing and the income derived from the farms admits of the charge being incurred

There is a provision of Rs 2000/- in the current year's Budget under "Civil Works" for ~~maintenance~~ the maintenance of the farms and the cost of the estimate will be debited to that head.

As the farms are said to be not only self-supporting and yielding a ~~good~~ net revenue but also of about 8 or 900 rupees to the Municipality the question of handing them over to the Municipality as per G.O. of 7.3.09 may now be considered

Submitted for orders.

Sd/- The farm may continue as it is in charge of the Sanitary Dept for some time

order thereon No. 2930-2 Ind 79-09- dy 23.9.09

The question of sanctioning a charge allowance to the Sub-overseer in charge of the farms is being separately dealt with and separate orders of Govt will issue in the matter. With the exception of the provision of Rs 180/- made on this account, the estimate referred to above is sanctioned.

The charge on account of the farms will be met from the provision of Rs 2000/- made therefor existing under "XI Misc" in the current year's budget estimates of the Bangalore city Muncipality. The farms will continue in charge of the Sanitary Engineer's dept for sometime longer.

It is noted that the current year's anticipated income from the farms is Rs 2000/-.
